PROCEDURE

1. Recording attendance
 - 1.1 Attendance will be recorded daily on the Attendance Record.
 - 1.2 A student, who misses part of a class, shall be marked as absent for the hours missed during the class. Only the hours attended will be recorded. E.g. if a student attended from 9.00am to 11.00am then this is recorded on the attendance sheet.
 - 1.3 Students who supply medical certificates for absences must still be recorded as being absent for the period with a medical certificate. A copy of the medical certificate is to be filed in the Students Administration File and in the Client (student) logbook in Paradigm.
 - 1.4 The Attendance Record is to be submitted by the teacher to the Paradigm Officer at the end of each week.
 - 1.5 It is the responsibility of the Paradigm officer to ensure all attendance records from that week are entered into the student management system (Paradigm) promptly.
 - 1.6 Paradigm automatically calculates the student's actual and projected attendance percentage based on the attendance data entered by the Paradigm officer.
 - 1.7 A copy of the attendance record is filed in Paradigm for the relevant course offer.
2. Monitoring Attendance
 - 2.1 The Student Welfare Officer will review student attendance via Paradigm on a weekly basis.
 - 2.2 If a student has been absent for five (5) consecutive days without approval in all classes in their course or is not attending classes consistently, the teacher is to submit an 'At Risk' form to the Student Welfare Officer. The student must be contacted and counselled by the Student Welfare Officer in regard to attendance requirements.
 - 2.3 If student's projected scheduled attendance hours is 90% or below for the study period or course (if less than a study period), the Student Welfare Officer will send a Student Attendance Warning Letter to the student. The student will be required to contact the Student Welfare Officer to organise an appointment to discuss attendance and identify intervention strategies to ensure attendance stays above 80% of scheduled classes.
 - 2.4 If student's projected scheduled attendance hours is 85% or below for the study period or course (if less than a study period), the Student Welfare Officer will send a Student Attendance Warning Letter to the student. The student will be required to contact the Student Welfare Officer to organise an appointment to discuss attendance and identify intervention strategies to ensure attendance stays above 80% of scheduled classes.
 - 2.5 If student's projected scheduled attendance hours is 85% or below for the study period or course (if less than a study period), the Student Welfare Officer will send a Student Attendance Warning Letter to the student. The student will be required to contact the Student Welfare Officer to

organise an appointment to discuss attendance and identify intervention strategies to ensure attendance stays above 80% of scheduled classes.

- 2.6 If a student's attendance falls below a projected average of 80% of all scheduled classes, even if the student attends all future classes, for the study period or course, the Student Welfare Officer notifies the student in writing of the intention to report them to DIBP for unsatisfactory attendance. A meeting between the student and the Student Welfare Officer is arranged to discuss the student's poor attendance and the student is informed that they have 20 days to appeal this decision.
- 2.7 A student is entitled to appeal the decision to report their unsatisfactory attendance to DIBP, where they believe one or more of the following grounds apply:
- 2.7.1 their attendance hours were incorrectly recorded

 - 2.7.3 student has new evidence not previously available at the time Notification of Intention to Report student to DHA for Unsatisfactory Attendance letter was sent.
- 2.8 If a student does not access the appeals process within 20 days from being issued the intention to report letter, or the appeal is not upheld or the student withdraws from the appeals process then SCEI will report the student to DHA via PRISMS.
